

# SAJA ABED-ALQADER

## Software Engineer

### Profile

Fresh Software Engineering graduate Trainee with a passion for frontend development and UI/UX design. Skilled in HTML, CSS, JavaScript, and React, with experience in creating user-friendly digital experiences. Developed a graduation project focused on intuitive web applications. Eager to apply my technical and creative skills in a dynamic team environment. Open to opportunities in web development, UI/UX, and frontend engineering.

Communication skills

## Work Experience

### StudyNest Platform Development

Self-Initiated Project — 2025

- Developed the frontend of StudyNest using Next.js.
- Managed website design, content, and Logo Design

### Online Bus Ticketing System

Self-Initiated Project — 2025

- Designed and implemented the user interface using HTML, CSS, and JavaScript within a Java MVC architecture.
- Created responsive pages for booking tickets, viewing schedules, and managing reservations.
- Worked with JSP and Servlets to render dynamic content and handle user interactions smoothly.

### Freelance Web Designer

Self-Employed — 2024

- Designed logos, branding elements, and full website layouts for student projects.
- Collaborated with clients to ensure alignment with brand vision and user expectations.
